The Hailston + Co Story

Hailston + Co is built on old fashioned values, with a progressive vision and was founded on the principle that businesses need support. Support with not only the numbers, but their marketing, human resources, legal, supply chain, administration and more.

And, with the majority of businesses across the country being SME's, the business sector needed this support more than ever.

Spanning across two offices servicing Greater Western Sydney and the South Coast of NSW, Hailston + Co is proud to service businesses across a variety of industries, professions and service lines.

What's Your why?

People, and businesses require more than just number crunchers.

In an ever changing world, it's the sum of the parts which make the whole, and a balance sheet or P&L is only part of the story.

We want to get to know your why. Your purpose if you will. The reason you get out of bed each morning, the thing that pushes you even when you don't feel like pushing anymore.

Our why is simple.

We believe that it's our duty to help people, their careers, and/or their businesses flourish, to achieve their desired success. We do this by ensuring our clients make the right decisions, at the right time.
